CHICAGO Jan 22 Lincoln cut lege, Oxford, England, is to be represented at the dedication of the feet, making the total depth now 39" Social Center building of the Wesley feet. A good connection was madtoundation at the University of II with the Ernst intermediate and

John Wesley, the founder of the are now retimbering the old ouppe-Methodist Episcopal church, was a portion of the shuft fellow of Lincoln college for 26 Ernst Level The east drift was sears. In recognition of that fact the seal of Lincoln college has been distance from the main raise now carved over one of the bay windows 375 feet.

The rector of Lincoln college, in We have been replacing caved accepting the invitation to be pres sets in the main Barrelona ent. wrote- "We are much interested, in your foundation, and your recognition of the historical connection with Lincoln college."

from Jonestic ores during the year The exercises in connection with 1920 is estimated by the geological he dedication will cover four days survey to be about 1.235,000.00 beginning February 11 and closing pounds, compared with 1.286,000,000 you will make in rapid succession. February 15. Representative church for 1919. The production of remen will be present from all over fined copper from foreign and dothe United States and Canada

CITY OFFICIALS TAKE MATTERS IN OWN HANDS

(Hy Associated Press) DETROIT Mich, Jan 24 When vity officials, guarded by 200 uniformed policemen, effected a forced crossing on January 9 of the Detroit United Railway lines with tracks of the municipal traction system. they brought into the open a street car controversy that has waged for years. The proposal to construct a municipally owned system has been enmeshed in lawsuits institut ed by the company almost as soon as approval of a \$15,000,000 bond issue was voted for the city system

NAVAL OIL RESERVE IN THE STATE OF NEVADA

The navy has five underground is reserves, according to an official statement, totaling approximately 213,584 acres. They are located by Californio, Utah, Wyoming, Nevada and California. Three of these tracts are petroleum reserves, while two are oil shale reserves. According to United States geological survey estimates, the three petroleum reserves contain about 465,060,000 Deposits in the shale-oil reserves are conservatively estimated at 1,000. 000,000 barrels.

STANDARD OIL LARGE OWNER IN WYOMING

Standard Oil interests are now in control of the bulk of the crude of produced in Wyoming, now the mest important oil field in the whole Rocky Mountain region, according to a special report by the federal trade commission on the petroleum industry of Wyoming submitted to congress.
